

Guava powder

Cat. No. EXTZ-543

Lot. No. (See product label)

Introduction

Description Guava powder is a powdered product made from the fruit of guava. The vitamin C in guava powder helps to enhance immunity and promote wound healing. Guava also contains antioxidant components that can help fight free radicals and prevent cell damage. Additionally, guava powder helps control blood sugar levels, which is particularly beneficial for diabetic patients. As a healthy food additive, guava powder not only provides rich nutrition but also adds a unique flavor and health benefits to a variety of foods.
