

Artocarpus integer powder

Cat. No. EXTZ-544

Lot. No. (See product label)

Introduction

Description

Artocarpus integer powder is a powdered product made from the fruit of the Artocarpus integer tree, commonly known as jackfruit. Retaining the sweet and delicate flavor of Artocarpus integer, the powder is finely textured and can be added to a variety of foods, such as baked goods, ice cream, beverages, and confectionery, to enhance flavor and nutritional value. It can also serve as a dietary supplement, providing energy and essential nutrients. The nutritional components in Artocarpus integer powder contribute to boosting immunity, promoting digestion, reducing blood pressure and cholesterol levels, and actively maintaining cardiovascular health.
