Creative Enzymes®

Chestnut Peptide Powder

Cat. No. CEFP-039

Lot. No. (See product label)

Introduction

Description	Chestnut Peptide Powder is extracted from high quality chestnuts by advanced enzymatic technology. Its main ingredient is oligopeptides, these oligopeptides are short chain peptides composed of amino acid chains, which are easy to be absorbed by human body. 1. Nutritional supplement: Rich in a variety of amino acids, minerals and vitamins, it helps to provide the nutrients needed by the body. 2. Antioxidant effect: Containing natural antioxidant ingredients, it helps to slow down the aging process and protect cells from free radicals. 3. Promote digestion: Oligopeptides are easily digested and absorbed, which can help improve the health of the digestive system. 4. Enhances Immunity: Supports the normal function of the immune system by supplementing and strengthening the body.
Applications	It can be used in various applications, including dietary supplements, functional beverages, and as an ingredient in health-conscious food products.

Product Information

Appearance	Off-white powder
Molecular Weight	<1000 Da

Usage and Packaging

Package	1kg, 5kg, 10kg aluminum foil vacuum bag; or 20kg, 25kg Fiber Drum

Storage and Shipping Information

Storage	Store in a cool, ventilated and dry place, avoid direct sunlight.
