Sunflower Head Oligopeptide Powder

Cat. No. CEFP-041

Lot. No. (See product label)

Introduction

Description

Sunflower Head Oligopeptide Powder is a functional powder extracted from high quality sunflower disks through advanced enzymatic technology. Its main ingredient is oligopeptides, which are short-chain peptides rich in amino acids, minerals and vitamins with excellent bioavailability.Sunflower Head Oligopeptide Powder has a natural color and mild taste, and can be widely used in nutritional supplements, functional foods and beverages. Sunflower Head Oligopeptide Powder has a strong antioxidant effect, which can scavenge free radicals in the body, reduce oxidative damage and slow down aging. Its rich vitamin E and minerals such as magnesium and zinc can also help improve cardiovascular health and promote blood circulation. In addition, the powder has the ability to enhance the function of the immune system, which can improve the body's resistance to diseases. Its oligopeptide nature helps to improve digestive health, promote intestinal flora balance and support nutrient absorption.

Applications

Sunflower Head Oligopeptide Powder is suitable to be added to all kinds of health drinks, nutritional supplements and functional foods. It is especially suitable for consumers who need to enhance immunity and improve cardiovascular health, as well as for middle-aged and elderly people and fitness enthusiasts. It can be mixed in fruit juice, milkshake, energy drinks to enhance the nutritional value and taste of food.
