Creative Enzymes®

Flaxseed Peptide Powder

Cat. No. CEFP-047

Lot. No. (See product label)

Introduction

Description	Flaxseed Peptide Powder is obtained from flaxseed through enzymatic treatment, rich in high quality plant protein and oligopeptides. Flaxseed is known for its rich omega-3 fatty acids and dietary fiber. Peptide Powder is light brown in color with natural flaxseed aroma and is suitable for use in a variety of foods and beverages. Flaxseed peptide powder has antioxidant, lipid regulation and digestive benefits. Its omega-3 fatty acids and antioxidant content can help improve cardiovascular health and lower cholesterol. Flaxseed peptide also supports digestive health, helps regulate intestinal flora and enhances immune system function.
Applications	Flaxseed peptide powder is suitable for addition to a variety of foods and beverages such as juices, shakes, and nutritional supplements. It is especially suitable for consumers who need to improve cardiovascular health, support the digestive system and enhance immunity.

Product Information
