Creative Enzymes®

Pea Protein Peptide Powder

Cat. No. CEFP-051

Lot. No. (See product label)

Introduction

Description	Pea Peptide Powder is obtained from peas through enzymatic treatment and is rich in high quality protein and oligopeptides. Peas are favored for their high protein and low fat properties. The peptide powder is light yellow in color and has a natural pea aroma. Pea Peptide Powder is known to promote muscle recovery, boost immunity and support digestive health. Its rich proteins and amino acids can help enhance athletic performance, improve stamina, and help promote digestive health. Pea Peptide also helps to regulate blood sugar levels and the body's environment.
Applications	Pea peptide powder is suitable for use in fitness drinks, nutritional supplements and functional foods. Especially for consumers who need to increase protein intake, improve digestive health and support exercise recovery.

Product Information

Appearance	Powder
