Creative Enzymes®

Quinoa Protein Peptide Powder

Cat. No. CEFP-052

Lot. No. (See product label)

Introduction

Description	Quinoa Peptide is a protein peptide obtained from quinoa by enzymatic treatment, rich in amino acids, minerals and vitamins. Quinoa is noted for its high nutritional value and health benefits. The peptide powder is light yellow in color with a natural quinoa aroma. Quinoa peptides are known to boost immunity, support digestive health and promote skin repair. Its rich nutrient profile can help improve physical performance, maintain skin health, and support overall wellness.
Applications	Quinoa peptides are suitable for use in nutritional supplements, functional foods and health drinks.
