Creative Enzymes®

Chickpea Peptide Powder

Cat. No. CEFP-053

Lot. No. (See product label)

Introduction

Description	Chickpea Peptide Powder is obtained from chickpeas through enzymatic treatment and is rich in high quality protein and oligopeptides. Chickpeas are favored for their rich protein and fiber. The peptide powder is light yellow in color and has a natural chickpea aroma. Chickpea Peptide Powder is known to boost immunity, support digestive health and promote energy recovery. Its rich protein and amino acids can help improve muscle function, maintain physical health, and support gastrointestinal health. Chickpea Peptide also helps to regulate the body's environment and enhance immune function.
Applications	Chickpea peptide powder is suitable for use in nutritional supplements and functional foods.
