

Almond Peptide Powder

Cat. No. CAFP-054

Lot. No. (See product label)

Introduction

Description

Almond Peptide is a highly effective protein peptide extracted from almonds, rich in amino acids, vitamins and minerals. Almonds are known for their rich nutrients and health benefits. The peptide powder is light yellow in color and has a natural almond aroma. Almond peptide has antioxidant, immune-boosting and cardiovascular health benefits. Its ingredients can help maintain healthy skin, support heart function, and improve stamina. Almond peptides can also help regulate blood sugar levels and the body's environment to enhance overall health.

Applications

It is suitable for use in nutritional supplements and functional foods.

Product Information

Appearance

Powder
