

Hemoglobin powder (food grade)

Cat. No. CEFX-339

Lot. No. (See product label)

Introduction

Description

Spray dried hemoglobin powder is high quality protein raw material, high lysine, high valine, high tryptophan, with high economic value. Adopting the proprietary technology and advanced process to produce the hemocyte protein powder not only retains the effectiveness of the protein and improves the digestibility, but also eliminates the virus microorganisms in it to ensure the safety of the product.
