

Phyllanthus emblica Fruit Extract

Cat. No. EXCF-017

Lot. No. (See product label)

Introduction

Description

Product composition: Glycerin, Water, Phyllanthus emblica Fruit Extract This product is a natural active substance developed from the fruit of Phyllanthus emblica, rich in phenols, flavonoids and other ingredients, which can inhibit the growth of odour-causing bacteria such as Clostridium perfringens and Porphyromonas gingivalis in the oral cavity, remove volatile sulphides in the oral cavity, and thus reduce bad breath. Long-term use can also improve oral health.

Applications

Used in oral care products.

Synonyms

Phyllanthus emblica Fruit Extract; Phyllanthus emblica
