Creative Enzymes®

Sea-Gel

Cat. No. EXCF-021

Lot. No. (See product label)

Introduction

Description	Product composition: Water, Glycerin, Fucus vesiculosus Extract, Butylene Glycol, 1,2-Hexanediol, P-Hydroxyacetophenone This product is a new type of moisturiser sourced from the marine plant Fucus vesiculosus, which protects against dry skin by regulating the formation of the keratinised envelope and repairing the keratin barrier. It also has a superior skin feel, leaving the skin translucent, plump and radiant after use.
Applications	Used in moisturising and nourishing products.
Synonyms	Fucus vesiculosus Extract;Fucus vesiculosus
