Creative Enzymes®

Heart Peptide Powder

Cat. No. CEFP-058

Lot. No. (See product label)

Introduction

Description	It is a small molecule peptide nutritional supplement which is made from the heart of grassland cattle, through low temperature treatment, sterilisation, bio-enzymatic digestion, degreasing, purification, concentration, centrifugal spray-drying and so on. Its small molecular weight and strong activity make it easier to be absorbed and utilised by human body.
Applications	It is a general food, can be added to all kinds of food. Add according to the need. Recommended dosage: 0.5g-2g/day. If compounded with other nutrients, add 0.3 g-1 g/day.

Product Information

Source	Bovine or Sheep Heart
Appearance	White or light yellow powder
Form	Powder
Molecular Weight	<500 Da

Usage and Packaging

Package	1kg, 5kg, 10kg aluminum foil vacuum bag; or 20kg, 25kg Fiber Drum

Storage and Shipping Information

Storage	This product is very easy to absorb moisture, at room temperature in a dry ventilated place airtight storage.
