

Baby Skin Care Formula

Cat. No. EXCF-034

Lot. No. (See product label)

Introduction

Description Product composition: Water, Butylene Glycol, Citrus aurantium tachibana Peel Extract, Artemisia capillaris Extract, Pueraria lobata Root Extract. This product is an active ingredient developed specifically for baby skin care that works synergistically on the three phases of 'eczema': initiation, transmission and effect, while repairing the skin barrier. It is a new, natural and non-irritating ingredient for baby skin care that has been proven to be safe in many ways.

Applications Used in baby skin care products.

Product Information

Appearance Transparent yellow liquid

Form Liquid

Purity Total flavonoid content(UV)≥10.0%

Optimum pH 4.5-6.5

Function Effectively targets the three phases of skin irritation and allergic reactions at the onset, transmission and effect stages, providing a soothing effect. Helps to strengthen the weakened barrier function of baby's skin against external irritants.
