

Herba Cynomorii Extract

Cat. No. CEFX-193

Lot. No. (See product label)

Introduction

Description Herba Cynomorii Extract is derived from Cynomorium songaricum, a traditional herb revered in Chinese and Mongolian medicine. Known as "Suo Yang," Herba Cynomorii is a parasitic plant that grows in arid regions and has long been recognized for its adaptogenic and tonic properties. This extract is rich in bioactive compounds such as flavonoids, polysaccharides, and triterpenes, which contribute to its role in enhancing vitality, supporting immune health, and promoting reproductive health. It is widely valued in herbal medicine and is increasingly utilized in wellness supplements and natural remedies.

Applications Herba Cynomorii Extract is a versatile ingredient prized for its potential to support energy, reproductive health, and general vitality, fitting well into modern wellness products and traditional herbal medicine.
