

Hemp Protein

Cat. No. CEFX-204

Lot. No. (See product label)

Introduction

Description

Hemp Protein is a plant-based protein powder derived from the seeds of the hemp plant (*Cannabis sativa*). This protein is rich in essential amino acids, omega-3 and omega-6 fatty acids, fiber, vitamins, and minerals, making it a comprehensive source of nutrition for those seeking plant-based protein. Hemp protein has a mild, nutty flavor and is highly digestible, making it suitable for people with dietary restrictions or sensitivities. It is widely used in nutritional supplements, protein powders, and health foods, offering a sustainable and natural source of protein.

Applications

Hemp Protein is an environmentally friendly, nutrient-rich protein option with versatile applications in fitness, nutrition, and plant-based food markets. Its comprehensive nutrient profile makes it ideal for supporting muscle health, digestion, and overall wellness.
