

Oregano oil powder

Cat. No. CEFX-331

Lot. No. (See product label)

Introduction

Description

Oregano Oil Powder is a volatile oil extracted from the oregano plant (*Origanum vulgare*) in the form of a dry powder made by microencapsulation technology. It retains all the active ingredients of oregano essential oil and has potent antimicrobial, antioxidant and anti-inflammatory properties and is widely used in food, nutraceuticals, animal feed additives and personal care.

Applications

Food Industry Used as a natural preservative to extend the shelf life of food. Used in seasonings, meat products, soups, sauces, baked goods to enhance flavour. Nutraceuticals Make capsules, tablets or powdered dietary supplements to support immune health, digestive health and antioxidant protection. Formulate functional foods or meal replacement products. Animal Feed Additives Promote healthy growth in poultry, swine and aquaculture animals as an alternative to antibiotics. Improve animal gut flora and enhance feed conversion.
