

Sermorelin

Cat. No. CEPP-009

Lot. No. (See product label)

Introduction

Description

Sermorelin is a synthetic growth hormone releasing hormone (GHRH) analogue that stimulates the body's natural production of growth hormone. It improves growth hormone levels by acting on the growth hormone-releasing receptor in the pituitary gland, prompting the pituitary gland to secrete more growth hormone. This gives Sermorelin important applications in the treatment of growth hormone deficiency and related disorders.

Product Information

Appearance White or off-white powder

CAS No. 86168-78-7

Molecular Formula C149H246N44O42S

Molecular Weight 3357.882 g/mol

Purity 98%

Amino Acid Sequence H-Tyr-Ala-Asp-Ala-Ile-Phe-Thr-Asn-Ser-Tyr-Arg-Lys-Val-Leu-Gly-Gln-Leu-Ser-Ala-Arg-Lys-Leu-Leu-Gln-Asp-Ile-Met-Ser-Arg-NH₂

Usage and Packaging

Package 1G/Bottle, 10G/Bottle, 50G/Bottle or at customers requirement.

Storage and Shipping Information

Storage 2~8°C
