

α-Bungarotoxin-Biotin

Cat. No. NATZ-108

Lot. No. (See product label)

Introduction

Description α-Bungarotoxin-Biotin is a highly pure, natural, and biologically active conjugated peptide toxin.

Product Information

Source Bungarus multicinctus (Many-banded krait)

Form Lyophilized

Molecular Weight 9030 Da

Purity 95% (HPLC)

Targets α7, α1/β1/γ/δ nAChR, GABA(A) receptor subtypes

Storage and Shipping Information

Storage Up to two weeks at 4°C or three months at -20°C.
