

Passion fruit powder

Cat. No. CEFX-429

Lot. No. (See product label)

Introduction

Description

Passion fruit powder is a fine powder made from the juice or pulp of fresh passion fruit (scientific name: *Passiflora edulis*) through spray drying and other processes. It retains the unique rich aroma and sweet and sour flavor of passion fruit, and is rich in various nutrients. It is a natural food raw material that is easy to store and use, and is widely used in food, beverages, health products and cosmetics.

Applications

Passion fruit powder has become a popular product in the fields of food, health care products, and beauty and skin care due to its excellent flavor and nutritional value.
