Marshmallow Root Powder

Cat. No. EXTZ-620

Lot. No. (See product label)

Introduction

Description	Marshmallow Root Powder is a powder made from the roots of the marshmallow plant (Althaea officinalis), a perennial herb. It is commonly used to relieve coughs, sore throats, and respiratory inflammation. The mucilage content in marshmallow root can coat the throat mucosa, reducing irritation and thereby alleviating dry coughs. Additionally, marshmallow is used in skincare products for its soothing and moisturizing properties, making it suitable for sensitive or irritated skin.
