Jania Rubens Extract

Cat. No. EXTZ-632

Lot. No. (See product label)

Introduction

Description	Jania Rubens Extract is a natural ingredient derived from the coralline algae Jania rubens of the Rhodophyta phylum, rich in bioactive substances such as minerals, polysaccharides, and antioxidants. It possesses moisturizing, antioxidant, and anti-inflammatory properties, making it widely used in cosmetics, health supplements, and food industries. In skincare products, it helps improve skin elasticity, reduce wrinkles, and soothe sensitive skin. In health supplements, it provides mineral and antioxidant support. In food, it serves as a natural additive to enhance nutritional value. With its multifunctionality and natural safety, Jania Rubens Extract has become a highly regarded ingredient.
