Cissus extract

Cat. No. CEFX-463

Lot. No. (See product label)

Introduction

Description	Cissus Extract is derived from Cissus quadrangularis (a plant of the grape family). It is rich in active ingredients such as flavonoids, phytosterols, vitamin C, calcium, and carotenoids. It has antioxidant, anti-inflammatory, bone health promoting, and metabolic regulation effects. It has a wide range of applications in many fields and has become a natural plant extract that has attracted much attention in recent years.
Applications	Dietary supplements and sports nutrition: Helps repair bones, relieve joint pain, and reduce inflammation in sports injuries. It is often used in joint health and sports recovery products. Weight management and metabolic regulation: It can regulate fat metabolism, reduce appetite, help control weight and improve metabolic syndrome. It is suitable for weight loss and blood sugar management products. Herbal medicine and health applications: It is used for gastric ulcers, fracture repair, anti-inflammatory and antibacterial, and helps cardiovascular health and immune regulation. Cosmetics and personal care: Due to its antioxidant and anti-inflammatory properties, it can be used for anti-aging skin care, repairing sensitive skin, and enhancing skin barrier function.

Product Information

Appearance	Brown yellow powder
Purity	10 ratio 1

Usage and Packaging

Package	1kg/bag

Storage and Shipping Information

Storage	Store in cool and dry area impervious to light. Avoid storing with toxic and hazardous material. The shelf life should not be less than 24 months with an unbroken seal, storing under described condition.
