

Bovine Testes Powder

Cat. No. CEFX-471

Lot. No. (See product label)

Introduction

Description

Bovine Testes Powder is rich in protein, amino acids, and growth factors. Bovine testicle powder is often used in men's health supplements to support sexual function, hormone balance, and reproductive health. It is also used in some anti-aging products because it may help increase energy levels and promote muscle growth.
