Creative Enzymes®

Yeast Extract for Fermentative nutrition

Cat. No. EXTZ-642

Lot. No. (See product label)

Introduction

Description	Yeast Extract is a yellow powder obtained by using fresh yeast as raw material, which undergoes autolysis through enzymatic breakdown of yeast, followed by separation, filtration, concentration, and drying. Yeast Extract is rich in nutrients such as proteins, amino acids, peptides, nucleotides, B vitamins, growth factors, and trace elements. These nutrients are in a well-balanced proportion, providing comprehensive and balanced nutrition for microbial fermentation and culture.
