

## Tetrahydrobiopterin

Cat. No. NATZ-120

Lot. No. (See product label)

### Introduction

#### Description

Tetrahydrobiopterin is a cofactor of the aromatic amino acid hydroxylases enzymes and also acts as an essential cofactor for all nitric oxide synthase (NOS) isoforms.

### Product Information

**CAS No.** 17528-72-2

**Molecular Formula** C<sub>9</sub>H<sub>15</sub>N<sub>5</sub>O<sub>3</sub>

**Molecular Weight** 241.25

**Purity** 98.00%

### Storage and Shipping Information

**Storage** Keep in dark place, inert atmosphere, store in freezer, under -20°C
