

Beef Pancreas Powder

Cat. No. EXTZ-720

Lot. No. (See product label)

Introduction

Description

Beef Pancreas Powder is produced from premium bovine pancreas by low-temperature freeze-drying. It is rich in natural digestive enzymes (protease, amylase and lipase), high-quality protein, vitamin B12, selenium, zinc and other cofactors. The powder supports digestive health, enzyme replacement, pancreatic insufficiency and overall metabolism, and is suitable for both human and veterinary nutritional products.
