Grindelia robusta Extract

Cat. No. EXTZ-735

Lot. No. (See product label)

Introduction

Description	Grindelia robusta Extract is a component derived from Grindelia robusta. It is rich in various bioactive compounds, including grindelic acid, flavonoids and tannins. These ingredients endow Grindelia robusta Extract with diverse efficacy. The extract exhibits significant anti-inflammatory properties, which can effectively soothe irritated skin and reduce redness and swelling associated with various skin conditions. Its antioxidant components help protect the skin from free radical damage, thereby potentially slowing down the skin aging process. In addition, it possesses antibacterial activity that helps inhibit bacterial growth, providing certain care benefits for oily or acne-prone skin.
