Plantago lanceolata Extract

Cat. No. EXTZ-736

Lot. No. (See product label)

Introduction

Description	Plantago lanceolata Extract is a natural extract with both medicinal and skincare values. It contains a variety of active substances, including plantain acid, flavonoids, polysaccharides, tannins, triterpenoids and so on. This extract exhibits significant anti-inflammatory and soothing properties, which can relieve skin irritation such as redness and stinging, making it suitable for sensitive skin care. Meanwhile, it has moisturizing and water-locking capabilities to improve dry and rough skin. Additionally, it can gently regulate sebum secretion and assist in improving enlarged pores.
