Betaine anhydrous

Cat. No. EXTZ-741

Lot. No. (See product label)

Introduction

Description	Betaine Anhydrous is a naturally occurring quaternary ammonium salt compound with stable chemical properties. It possesses multiple functions such as moisturizing, color protection, and osmotic pressure regulation, and is widely used in food, daily chemicals, pharmaceuticals and other fields.

Product Information

Form	White to off-white crystals
CAS No.	107-43-7
Molecular Formula	C5H11NO2
Molecular Weight	117.14
Purity	98-99.9%
