Creative Enzymes®

Subtilisin, industrial grade

Cat. No. NATZ-136

Lot. No. (See product label)

Introduction

Description	The key enzyme activity in this product is provided by serine endoprotease. Its outstanding advantages include excellent stability in the presence of strong chelators and good stability in high-water-content formulations, making it ideal for use in cleaning products.

Product Information

Form	Amber liquid
Activity	100U/g
