

Chinese Bilberry Extract

Cat. No. EXTM-010

Lot. No. (See product label)

Introduction

Description

Chinese bilberry extract is an amorphous powder derived from ripe bilberry fruits. It contains significant amounts of anthocyanins, as well as polysaccharides, pectin, tannins, arbutin, vitamin C, and B vitamins. Anthocyanins possess antioxidant properties and the ability to scavenge free radicals, as well as biological activities such as anti-inflammatory, antitumor, lipid-regulating, and insulin-sensitizing effects. This product has a wide range of applications and few side effects, and in recent years has been widely used in health foods and pharmaceuticals.

Applications

Food, beverages, fruit wines, health supplements, cosmetics, etc.

Synonyms

Vaccinium uliginosum

Product Information

Source

The fruit of the bog bilberry (*Vaccinium uliginosum*).
