

Green Lipped Mussel Powder

Cat. No. EXTM-012

Lot. No. (See product label)

Introduction

Description

Freeze-dried green lipped mussel powder, processed under low-temperature conditions to preserve heat-sensitive nutrients, including glycosaminoglycans, omega-3 fatty acids, and bioactive proteins. Provides natural support for joint health, inflammation modulation, and connective tissue maintenance. Widely used in veterinary and human joint health supplements, functional foods, and pet nutrition products.

Applications

Ingredients for food, health supplements, and cosmetics.
