

## Copaiba Balsam Resin Oil

Cat. No. EXTM-015

Lot. No. (See product label)

### **Introduction**

#### **Description**

Copaiba Balsam Oil is a sweet and gently woody essential oil obtained from the resin of *Copaifera* trees. It is renowned for its sweet balsamic aroma, naturally relaxing aroma, and a high amount of beta-caryophyllene that helps to provide soothing and grounding properties. It is widely used in topical formulations, aromatherapy blends, and natural personal care products.

#### **Applications**

It is commonly used in skincare, aromatherapy, perfumes, and wellness blends for its gentle, resin-like warmth and natural comforting properties.

#### **Synonyms**

*Copaifera Officinalis* (Balsam Copaiba) Resin Oil

### **Product Information**

#### **Source**

Resin collected from the trunk of *Copaifera officinalis*.

#### **Appearance**

Thick and ranging in color from amber to light gold
