

Pine Needle Powder

Cat. No. EXTZ-811

Lot. No. (See product label)

Introduction

Description

Pine Needle Powder is a natural plant-based product prepared from the dried needles and young twigs of pine trees (*Pinus* spp.), processed through drying and fine grinding. Rich in natural bioactive compounds including flavonoids, proanthocyanidins, chlorophyll, vitamins (especially vitamin C and E), essential oils and trace minerals, it serves as a valuable feed additive and nutritional supplement. In animal husbandry, pine needle powder improves feed efficiency, enhances immune function, promotes growth performance and provides natural antioxidant protection, while also finding applications in functional foods and traditional health products.
