Tiger Nut Powder

Cat. No. EXTZ-825

Lot. No. (See product label)

Introduction

Description	Tiger Nut Powder is a natural plant-based powder made from the tubers of Cyperus esculentus (tiger nut or chufa), a sedge plant cultivated since ancient times. Despite the name, tiger nuts are not nuts but small tubers with a naturally sweet, nutty flavor profile. Rich in dietary fiber, healthy monounsaturated fats, natural vitamins and minerals, tiger nut powder serves as an excellent gluten-free, nut-free and dairy-free ingredient for plant-based food and beverage applications. It is widely used in plant milks, baked goods, breakfast cereals, energy bars and dietary supplements, offering natural sweetness, nutritional density and functional fiber benefits.

Product Information

Source	Tubers
Form	Powder

Storage and Shipping Information

Storage	Store in cool, dry place; protect from moisture
