

Coenzyme A

Cat. No. CAHZ-0001

Lot. No. (See product label)

Introduction

Description Coenzyme A is supplied as a high-purity biochemical standard for use in coenzyme-related analytical and research applications.

Applications Biochemical analysis; coenzyme studies; enzyme research.

Product Information

CAS No. 85-61-0

Chemical Name Coenzyme A

Molecular Weight 767.53 g/mol

Purity HPLC $\geq 90\%$

Function Coenzyme reference material for biochemical research and analysis.

Grade Chemical standard

Usage and Packaging

Package 20 mg

Storage and Shipping Information

Storage -20°C
