

HEPES Buffer

Cat. No. HBGZ-0001

Lot. No. (See product label)

Introduction

Description	HEPES Buffer is a sterile 1 mol/L HEPES solution adjusted to pH 7.4.
Applications	Suitable for laboratory buffering applications requiring a sterile HEPES solution at pH 7.4.
Synonyms	HEPES solution; 4-(2-Hydroxyethyl)-1-piperazineethanesulfonic acid buffer

Product Information

Form	Sterile liquid
Chemical Name	4-(2-Hydroxyethyl)-1-piperazineethanesulfonic acid
Concentration	1 mol/L
Composition	HEPES buffer solution
Buffer	HEPES, pH 7.4

Usage and Packaging

Package	100 mL
----------------	--------

Storage and Shipping Information

Storage	-20°C
Stability	Shelf life: 12 months.
