

Penicillinase

Cat. No. LPGZ-001

Lot. No. (See product label)

Introduction

Description

Penicillinase is a penicillin amido- β -lactamhydrolase enzyme preparation used for enzymatic inactivation of penicillin.

Applications

Enzymatic inactivation of penicillin.

Product Information

CAS No.

9001-74-5

Activity

1 mL will inactivate 120,000 units of penicillin.

Usage and Packaging

Package

1 mL
