

DL-Lysine Acetylsalicylate Powder

Cat. No. CEGZ-6004

Lot. No. (See product label)

Introduction

Description

DL-Lysine acetylsalicylate is a medicine-grade antipyretic analgesic and NSAID material supplied as white crystals or crystalline powder.

Synonyms

Aspirin DL-lysine

Product Information

Appearance

White crystals or crystalline powder

Form

Sterile powder

CAS No.

62952-06-1

Molecular Formula

C₁₅H₂₂N₂O₆

Purity

94.0%-106.0%

Usage and Packaging

Package

8 kg/tin
