

## Chloramine-T Sodium Salt

Cat. No. CEGZ-6045

Lot. No. (See product label)

### Introduction

#### Description

Chloramine-T is a medical intermediate and chemical reagent listed as N-chloro-4-toluenesulfonamide sodium salt.

#### Applications

Medical intermediate use; chemical reagent use; laboratory-grade applications.

#### Synonyms

Chloramine-T; N-Chloro-4-toluenesulfonamide sodium salt; Cholramine-T; Chloramine T; N-chloro-4-methylbenzenesulfonamide; sodium chloro[(4-methylphenyl)sulfonyl]azanide; benzenesulfonamide, N-chloro-4-methyl-, sodium salt

### Product Information

#### CAS No.

127-65-1

#### Molecular Formula

C<sub>7</sub>H<sub>8</sub>NO<sub>2</sub>ClNaS

#### Molecular Weight

228.6511
