

Delta-Valerolactone

Cat. No. CEGZ-6091

Lot. No. (See product label)

Introduction

Description Delta-Valerolactone is a bio-based, colorless to pale yellow transparent liquid.

Applications Pharmaceutical intermediates; flavors and fragrances; specialty solvents; coatings.

Product Information

Appearance Colorless to pale yellow transparent liquid

Form Liquid

CAS No. 542-28-9

Molecular Formula $C_5H_8O_2$

Chemical Name Delta-Valerolactone

Purity Content: $\geq 99.0\%$

Impurities Moisture: $\leq 0.2\%$

Quality Acidity: ≤ 0.5 mol/L

Density 1.105 g/cm³

Notes Cargo category: General cargo HS code: 29322090

Usage and Packaging

Package 200 kg drums or tank containers.
