

Tocopheryl Retinoate

Cat. No. CEGZ-6111

Lot. No. (See product label)

Introduction

Description

Tocopheryl Retinoate is an ester of tocopherol and retinoic acid supplied as a yellow to pale yellow oily viscous liquid.

Applications

Antioxidant and skin-protecting ingredient for cosmetic and personal-care formulations.

Product Information

Appearance

Yellow to pale yellow oily viscous liquid

Form

Oily viscous liquid

CAS No.

40516-49-2

Molecular Formula

$C_{49}H_{76}O_3$

Chemical Name

Tocopheryl Retinoate

Molecular Weight

713.13 g/mol

Purity

≥99%

Function

Antioxidant; skin protectant
