Creative Alpha-Ketoglutarate Complex

Cat. No. CEGZ-6246

Lot. No. (See product label)

Introduction

Description	Creative alpha-ketoglutarate is a creatine and ketoglutarate compound supplied as a small-molecule formulation raw material.
Applications	Suitable for research and general formulation development involving creatine and ketoglutarate components.

Product Information

CAS No.	315669-78-4
Molecular Formula	C9H15N3O7
Chemical Name	Creatine Ketoglutamate
Molecular Weight	277.23
