D-Ornithine Hydrochloride Chiral Amino Acid Salt

Cat. No. CEGZ-6302

Lot. No. (See product label)

Introduction

Description	D-ornithine hydrochloride is the hydrochloride form of D-ornithine supplied as a chiral amino acid derivative.
Synonyms	D-Ornithine hydrochloride

Product Information

CAS No.	16682-12-5
Molecular Formula	C5H13ClN2O2
Chemical Name	D-(-)-2,5-Diaminopentanoic acid hydrochloride
Molecular Weight	168.62
Notes	EINECS: 240-729-3.
