Inositol Cyclitol Biochemical Material

Cat. No. CEGZ-6307

Lot. No. (See product label)

Introduction

Description	Inositol is a cyclitol material supplied for biochemical and synthesis-related applications.
Applications	Applications include use as a biochemical reagent and in pharmaceutical preparation and organic synthesis.
Synonyms	Inositol; Cyclohexanehexol

Product Information

CAS No.	87-89-8
Molecular Formula	C6H12O6
Chemical Name	Inositol
Molecular Weight	180.16
Notes	EINECS: 201-781-2; 230-024-9.
