

Elexacaftor CFTR Corrector, 99%

Cat. No. CEGZ-6485

Lot. No. (See product label)

Introduction

Description

Elexacaftor CFTR Corrector is a small-molecule CFTR-related research compound supplied at 99% purity.

Applications

CFTR protein processing and trafficking research CFTR corrector mechanism studies Small-molecule modulation research Identity, purity, and analytical method development

Product Information

CAS No. 2216712-66-0

Molecular Weight 597.662

Purity 99%

Structure Small-molecule organic compound

Pathway CFTR protein processing and trafficking

Function CFTR corrector-related research

Targets Cystic fibrosis transmembrane conductance regulator (CFTR)

Grade Research grade

Usage For laboratory research only.
