

## Retinyl propionate

Cat. No. CEGZ-6623

Lot. No. (See product label)

### Introduction

#### Description

Retinyl propionate is an ester derivative of retinol with propionic acid, commonly used in cosmetic and dermatological research.

#### Applications

Cosmetic and dermatological research; vitamin A derivative for formulation development.

### Product Information

#### Appearance

Yellow to orange oily liquid or crystalline solid

#### CAS No.

7069-42-3

#### Molecular Formula

C<sub>23</sub>H<sub>34</sub>O<sub>2</sub>

#### Molecular Weight

342.522

#### Purity

≥98%

#### Boiling Point

501.8°C at 760 mmHg

#### Density

1.01 g/cm<sup>3</sup>

#### Grade

Research grade

### Storage and Shipping Information

#### Storage

Store in a cool, dark place under inert atmosphere.
