Ascorbyl Tetraisopalmitate

Cat. No. CEGZ-6629

Lot. No. (See product label)

Introduction

Description	Ascorbyl tetraisopalmitate is a lipophilic ester derivative of ascorbic acid, used as a stable vitamin C active in cosmetic research.
Applications	Cosmetic and dermatological research; stable vitamin C derivative for formulation development.

Product Information

Appearance	Colorless to pale yellow oily liquid
CAS No.	183476-82-6
Molecular Formula	C70H128O10
Molecular Weight	1129.76
Purity	≥95%
Grade	Research grade

Storage and Shipping Information

Storage	Store at -20°C, protected from light and air.
