

Gastric Mucin (Porcine)

Cat. No. CEGZ-50052

Lot. No. (See product label)

Introduction

Description

Gastric mucin is a high-molecular-weight glycoprotein mixture obtained from the mucous membrane of the porcine stomach. It consists of heavily glycosylated mucoproteins that form viscous, protective gels on mucosal surfaces.

Applications

Used as an active ingredient raw material for gastric mucosal protective preparations and as a research material in mucosal biology and drug delivery studies.

Synonyms

gastric mucin; hog gastric mucin; gastric mucoprotein

Product Information

Source

Porcine gastric mucosa

CAS No.

10047-33-3

Notes

For research and development use only.

Storage and Shipping Information

Storage

Store in a tightly closed container in a cool, dry place.
